

Medical professionals and campaigners are worried about the lack of research regarding the effects of vaping on the long-term health of children and young people and are calling for tighter rules regarding the packaging and advertising of vapes. If you are concerned about the rise of vaping in young people, there will be a factsheet available on our [Safeguarding website page](#).

Mobile Phones

We have recently reviewed the guidance on mobile phone use within school to support the safeguarding of pupils and staff within our school building. We appreciate that many of our young people have long journeys to and from school, and phones are often used as calming strategies at these times. However, we have had an increasing number of phones being used within the school day and
